

RFP for Revamping & Maintaining Official Web-site of Maharashtra Pollution Control Board				
RESPONSES TO QUERIES AND CORRIGENDUM				
Sr. No.	RFP Page No.	Clause / section	Query	MPCB Response
1	11	6.2 (3)		Pls read the text as follows : The TWO covers with the following inscription Bid for “Revamping & Maintaining Official Web-site of Maharashtra Pollution Control Board”
2	7	4.3.1 Website maintenance point 8	What is meant by Minimum FIVE (5) Content Management System (CMS)? Please specify which 5 CMS are being used by MPCB.	MPCB has currently 12 CMS. Maintaining the existing CMS is part of the scope. Additionally, MPCB, based on requirements of various departments will require CMS to be developed from time to time. Cost of development of MAXIMUM FIVE (5) such CMS has to be included in PART A of the price Bid. For every additional CMS beyond the FIVE (5) CMS developed, charges as per PART D of the Price Bid will be paid to the successful bidder
3	7	4.3.1 Website maintenance	Kindly clarify if new design should be developed for the website. Also mention if any new CMS needs to be developed/integrated?	Necessary changes, if and as required by MPCB to suit the content, aesthetics and User Interface (UI) should be made. New CMS will need to be developed and integrated as mentioned in Sr. No. 2 above
4	8	4.5 MPCB responsibilities	Will MPCB also provide internet connectivity to the onsite team?	Internet connectivity will be provided by MPCB through a secured connectivity with appropriate access rights
5	17	7.4.1 Evaluation of Technical Bid	Experience in developing web sites and / or web application for environment / pollution control authorities or environmental related website in THREE years ending March 2015 - Would Renewable energy/Agriculture websites be considered under this?	Websites related to Renewable energy will be considered for evaluation. Agriculture related websites will not be accepted as valid credential for this criteria.

RFP for Revamping & Maintaining Official Web-site of Maharashtra Pollution Control Board

RESPONSES TO QUERIES AND CORRIGENDUM

Sr. No.	RFP Page No.	Clause / section	Query	MPCB Response
6			Tender Document says that 1 st year cost includes cost for revamping and developing of English Website. – But, you have not mentioned if the present design remains or we have to consider to redesigning of the main Home Page and all internal (more than 4000 pages). If Yes then How many inside pages do we need to consider for 2 nd , 3 rd and further years if we get to continue	The scope nowhere mentions re-designing of the entire web-site.
7			Tender Document says that 1 st year cost includes 250 pages for developing Marathi Website. – But, you have not mentioned anything on designing means – If there is a Marathi Website which is already developed and same remains or we have to consider to redesigning of the main Home Page and all internal (250 pages). If Yes then How many inside pages do we need to consider for 2 nd , 3 rd and further years if we get to continue	Marathi website has NOT been developed and the same needs to be designed and developed by successful bidder. It is estimated that the marathi website will have approximately 250 pages and these have to be developed in the 1st year. Starting 2nd year approximately 25 pages will be required per year.
8			What about doing Marathi translation of the pages. Do we need to consider the cost for translation per page wise and typing as well	Yes. The cost of translation and typing needs to be included by the bidder
9			If MPCB needs any specific Marathi font to be used then whether MPCB will arrange for the same or we need to buy and raise the invoice for the same if it is not a free font	As directed by Govt. of Maharashtra "unicode" fonts should be used. Board will provide requisite fonts, if necessary and this should be exclusively used for MPCB work, only.
10			In case if there is a requirement for additional resource to be deployed then how will the charges be paid for Marathi and english website	As per clause 4.4 of RFP, <u>MINIMUM</u> two(2) resources are required on-site. Additional resources, if required to do the work as per scope defined in clauses 4.3.1, 4.3.3, 4.3.4, 4.3.5, 4.5, have to be deployed by the successful bidder at their own cost. Rates have been specifically asked for scope under 4.3.2 (Refer PART D of price bid) and the same will be paid as and when applicable.
